

Intern ID: THQC089

Date: 7th May 2025

Name: Prerna Kewat

Designation: Engineering Intern

Department: Engineering

TO WHOM IT MAY CONCERN

This is to certify that **Prerna Kewat** has completed her internship in the **Engineering Department** at **TartanHQ Solutions Private Limited** for the period of **29th July 2024 to 28th April 2025**.

Project details:

- Improved console features and optimized overall functionality.
- Contributed to API documentation to enhance developer guidance and implemented an email sender service.
- Developed an email sender service that sends emails to all connections regarding updates.
- Replaced hard-coded system configurations and shifted to dynamic runtime configuration fetching.
- Took ownership of integrating multiple HRMS systems to increase enterprise coverage.
- **Sync Frequency System Enhancement:** Successfully upgraded the existing sync frequency system by introducing a revised structure and mapping options. This involved migrating legacy sync frequency configurations to the newly developed system for improved user experience and performance.
- **Data Analytics Automation:** Designed and implemented an automated workflow to extract critical analytics and dispatch results via scheduled emails. This streamlined reporting and improved data accessibility for stakeholders.
- **Monthly Salary Module Development:**
 1. Contributed to the database schema design for salary-related modules. Developed a Monthly Salary DB Sync Utility capable of handling different sync scenarios (5-day, 28-day, and pending sync cases).

Maharashtra-400030, India, Mail ID: hr@tartanhq.com

CIN: U72900MH2021PTC355242

2. Implemented core data sync functions with support for data consistency checks using hash comparison.
3. Built a monthly salary creation service to ensure new record creation and validation with historical data.
4. Integrated sync activities with a housekeeping system for status tracking and failure logging.

We wish her every success in her life and career.
